Dear UltraBac Software:

We are requesting a transfer of our UltraBac license from one machine to another. The reason we have decided to change the network name is due to a change in (please check one):

- Hardware configuration / upgrade.
- Change in corporate policy regarding network-naming conventions.
- Desired changes in our configuration of UltraBac on our network.
- Transfer of UltraBac agents from one license server to another. A description of changes we are requesting is as follows: \_\_\_\_\_

- Other (please explain). \_\_\_\_\_

We fully understand and agree that the transfer of the proprietary UltraBac software license from the computer named ' \_\_\_\_\_ ' to ' \_\_\_\_\_ ' constitutes only the legal right to install and run one licensed copy of the software. All previously issued permanent licenses of UltraBac, which have been transferred, will not be used in any capacity including, but not limited to, production, off-site backup, standby, or test use. Additionally, all copies of all removed licenses will be destroyed.

We understand that this license change does not permit us to use any number of additional licenses or agents, other than the total number our company has purchased. We furthermore agree to abide by all provisions of the UltraBac Licensing Agreement:
